## Arboretum In City Canyon Is Proposed

Site Selected Is Natural Park In Famous Bailey Canyon

Funds for Preliminary Work Quickly Subscribed at Meeting

Sierra Madre Arboretum, a project which means much to Sierra Madre, was launched at a buffet supper and organization meeting held in the night. It was issued by Humphries, president of the chamber of commerce, who presided.

Temporary organization was effected to investigate the project, most of the people in attendance pledged membership fees were secured from the city, and a preliminary work. The principal aim is the establishment of an arboretum on the city property in Bailey Canyon, with support secured from the city, and a permanent society organized to carry on the project in its interests.

In introducing the project to his hearers, most of whom did not know the special purpose of the gathering, Mr. Humphries spoke as a natural park and the desire of many people that it be perpetuated for public enjoyment in that project. He briefly outlined the project indicated above, he in person, George C. Robertson, superintendent of Exposition Park, Los Angeles, as the first speaker. Mr. Robertson told of his visit to Bailey Canyon last Saturday, his amazement at its natural beauty, pointed out the absence of any storm-water erosion, and dwelt upon the advantages of the various altitudes for the propagation of different species of trees.

On a modest scale, Mr. Robertson said it would be possible to develop the canyon without great expense, and that the new plant, confined to Pacific Coast or such a project he believed was no question of might be secured from the city and federal government. Both are very sympathetic to the project which will promote scientific knowledge and an arboretum would do, should include a modest house, with library for plant study. He said it would be possible to have a society with members from the world who would be to the promotion of scientific institution, thus part of the upkeep expense the start is made, it is like a snowball. With the aid of the plant life, will reseed interest and contributions such as have great botanical gardens world possible.

g cities cannot buy such as Sierra Madre has the gem of a canyon, said Mr. Robertson. Hence the importance of sticking to the natural. It is easy to spoil the scenery with a few dollars worth of "improvements."

George Clement, agricultural agent of the Los Angeles office of commerce, followed (Continued on Page Eight)

## DEFINITION OF NEWS WON FINE PRIZE IN NEW YORK CONTEST

The question of "what is news?" asked in a contest by the New School for Social Research brought forth a definition by Mike Wallace, attending a series of lectures on "Modern Journalism," as follows:

"News is a perishable commodity, distributed by the newspapers, marketed daily for consumption by the literate mind. It constitutes a written presentation of the events of the world, the nation, the state and the city, in all fields of intellectual and emotional interest. It is an event being of sufficient importance socially, economically, politically or individually to engage the attention of vast numbers of people. Like any other commodity, its careful preparation, the quality of its ingredients, the integrity of its purpose reflect credit or discredit upon the honor of its purveyors. Substitutes for truth or adulteration of facts, cheapening of method in the manufacture of news, constitute abuse of public trust and threats against the health of the public mind."

## Clark Buys Resort Near Santa Paula

Anticipate Heavy Trade at Popular Resort During Summer Season

George H. Clark, well known Sierra Madre contractor, and Jack Richey, a former resident of Sierra Madre, have purchased the well known Santa Paula Mineral Springs resort. They are now busily engaged in getting the resort open for business and anticipate a heavy business during the summer season.

Santa Paula Mineral Springs are located in Santa Paula Canyon, about five miles north of Santa Paula on the road to Ojai. It is a beautiful spot, with a splendid forest and a variety of springs on the property. The most important spring has a fine flow of lithia water of excellent quality. It is said to have excellent medicinal qualities. As is often the case in such formation, other springs nearby produce water of entirely different chemical content.

The resort has a fine plunge, a large number of cottages and other buildings with capacity for a large number of guests. It is easily accessible. Mr. Clark making the trip from Sierra Madre in two and a half hours. The new owners propose to operate the camp as a high class resort and restore it to its former popularity, it having been closed on account of litigation for some time.

## Linoleum to Cover Floor of Library

The Sierra Madre public library will be closed several days, beginning on Friday of next week. The purpose is to permit the laying of a new floor covering of linoleum. The library trustees have awarded the contract to the Sierra Madre Furniture Company, after securing bids from Los Angeles concerns and finding it would be to the advantage of the library to patronize the home concern.

Before laying the linoleum, the entire floor will be sanded to remove the coating of oil which would prevent the linoleum adhering to the floor. The sanding machine will be equipped with vacuum dust catchers which prevent the dust from affecting the books. It will be necessary to move all the book stacks about the floor, during the process of sanding and laying the linoleum, which will be a big time factor in the job.

## Finish Big Job at Atascadero

Friends of Hapgood and Carlson will be glad to know they are back in town again after completing their contract on the new Atascadero Inn at Atascadero, Cal. They finished their contract May 12 and concluded to stay for the official opening banquet, May 14. The banquet was enjoyed by nearly 400 guests. The Hon. J. F. P. O'Connor was toastmaster. Several notable speakers appeared on the program and music was furnished by the Inn orchestra.

## Major Floyd Passes Away In Virginia

News Brings Sorrow to Many Friends In Southern California

Was Guiding Spirit in Organization of Local Legion Post

Major Charles S. Floyd, first commander of Sierra Madre Post No. 297 of the American Legion, passed away Monday night at Richmond, Va. A telegram from Mrs. Floyd announcing the sad news was received by Dr. C. N. Barker on Tuesday, and brought sorrow to a multitude of friends in Sierra Madre.

In addition to his work in getting the Legion well established in Sierra Madre, Major Floyd rendered effective service as secretary of the Chamber of Commerce, and as a member of the park commission. During the years of his residence in Sierra Madre, prior to his return to service last August, Major Floyd won universal respect and regard by his uniform courtesy and helpful spirit.

Major Floyd was born in Kansas, Feb. 21st, 1889, appointed to the United States Military Academy from Missouri in June, 1907, and graduated in 1911 when he was commissioned a second lieutenant of infantry. He was promoted to first lieutenant in 1916 and captain in 1917.

On leaving West Point Major Floyd was first detailed to serve with troops at the Presidio, San Francisco, where he first met Mrs. Floyd, who, with a little son and daughter, survives him. Later he served in Alaska, the Vera Cruz expedition, and on the Mexican border. For a time he served as instructor in drawing at West Point.

During the World War Major Floyd rose to the rank of lieutenant colonel in the national army. On July 1, 1920, he was retired with the rank of major for disability incurred in the line of duty. During his period of retirement for ill health he came with his family to Sierra Madre, spending about three years here.

Last August Major Floyd returned to active duty and was detailed as the regular army instructor in military science and tactics at the Fort Union, Va. An attack of flu in February brought on renewed activity of the old trouble and finally caused his death at Richmond, where he had been taken for hospital and medical attention.

Funeral services and interment will take place at Major Floyd's old home, St. Joseph, Mo., according to information received here. In view of the distinguished services rendered to the organization, the American Legion Post adopted resolutions setting forth the high regard in which he was held and giving fitting recognition to the value of his work.

## BOOTH TO ERECT FRUIT DRYER AT PALMDALE

W. K. Booth of this city has secured a contract for the erection of a huge dehydrating plant at Palmdale, and will begin actual work on the construction at once. Incorporated in the structure will be a fruit drying system of Mr. Booth's own design, which will give the plant a huge capacity for drying fruit, a large quantity of which is already contracted for.

Mr. Booth recently installed a drying system for the Camarillo Fruit Candy company, and the capacity of the plant has not only been increased approximately one-third but, according to company officials, the present product is far superior to the candy formerly sent out by the concern.

Chas. F. Gilmore will accompany Mr. Booth to Palmdale and assume charge of the construction work.

## TO PRESENT PROGRAM IN PASADENA CHURCH

Pupils of Miss Freda Foss, music instructor for the children of the Plaza Community Center Home on North Baldwin Avenue, will give a recital tonight (Friday) in the Washington Street Methodist Church, Pasadena. The children of the home, some of whom have done very creditable work in music, will participate. Miss Gibson, superintendent of the home, announces that anyone interested is cordially invited to attend the recital, which will begin at 7:45 o'clock. The church is located on Washington Street, between Marengo and Raymond.

## SECOND BOND ISSUE TO BE CALLED SOON

President H. E. Allen calls the attention of holders of Second Liberty Loan bonds to the announced retirement of these bonds on Nov. 15, 1927. At that date interest on the bonds will cease and there will be no object in holding them. People who have these bonds and would like to exchange them for other interest-bearing government securities can arrange to do so thru any bank.

The importance of cashing in on bonds at maturity or exchanging them for other securities is shown by the amount of uncollected interest held by the government awaiting call. The total of interest is about \$43,000,000, and uncollected items of matured principal is \$30,000,000, according to U. S. Treasury statements.

Contract for the transportation of Sierra Madre junior high school pupils to and from the new Woodrow Wilson school will probably be let within a short time. The Pasadena board of education is advertising for bids, which must be filed at the board headquarters by Tuesday, May 31. One trip each way daily is called for in the advertisement appearing elsewhere in this paper.

## Pioneer In Oil Business Passes Away

Morris L. McCray Prominent In Oil and Land Development

Morris L. McCray of 217 West Live Oak Avenue passed away at his home Tuesday afternoon, having been in poor health for some time. He was 64 years of age and had been a resident of Sierra Madre about four years, having come here to reside adjoining the home of his daughter, Mrs. H. O. Smith.

For forty years Mr. McCray has been engaged in the oil business, being one of the pioneers of the industry in Southern California. He was well known in oil and financial circles. He was heavily interested in and around El Segundo, being president of the El Segundo Land and Improvement Co., and principal owner of a bank there.

In social and fraternal circles Mr. McCray was also widely known. He was a member of the California Club, of Petaluma Masonic Lodge, K. T. Commandery No. 9, the Scottish Rite and Al Malaikah Shrine.

Mr. McCray is survived by his wife, Mrs. Jane A. McCray, his daughter, Mrs. Smith, and a son, Lynn M. McCray, and by eight grandchildren. The body lies at the Ray A. Grant funeral parlors and services, which will be private, will be conducted at the chapel of Ingwood cemetery this morning by Rev. A. O. Pritchard of the Congregational Church.

Mrs. John Goodwin of Chicago arrived here on Wednesday and Normal Olsen of San Francisco arrived on Thursday morning, having been called by reason of the serious condition of their mother, Mrs. Martin Olsen.

## FEAST DAY AT THE CHURCH OF THE ASCENSION

May 26, Holy Thursday or Ascension Day, is the title feast of the Church of the Ascension. The Holy Eucharist will be celebrated at 9 o'clock in the morning. In the evening at 7:30, the sacred rite of confirmation will be administered to a class of seven persons by the Rt. Rev. W. Bertrand Stevens, D.D., Bishop Coadjutor of Los Angeles. The choir will render a special Ascension Day anthem on this occasion.

Following the service of confirmation, a reception will be tendered the Bishop and the members of the class in the Parish House. Those confirmed will receive the first communions on the Sunday following Ascension Day, at 7:30 a. m.

The members of the Parish and their friends are invited to participate in the Ascension-Day. The slightly ground back of the Wistaria Vine is now being subdivided and in a few days the map will be on file with the county surveyor and the lots offered for sale. Miss Sue Brobst of Bellevue Court has purchased the first lot and is already starting the landscaping. W. R. Humphries is handling the real estate details for the owner of the subdivision, Mrs. Estele Haines Fennel.

## Petition Of 754 Citizens Turned Down

Board of Trustees Accepts Resignation of A. M. Udell 'With Regrets'

Officials Will Confer With Pasadena Anent Central Avenue Project

Denying the petition of more than 750 citizens asking the board of city trustees to retain the services of A. M. Udell as marshal and street superintendent, three city trustees voted last night to deny the petition and to accept the resignation of Mr. Udell.

The action was taken on motion of Trustee Isaacs, seconded by Trustee Belohlavek. It also received the vote of Trustee Hall. "With regrets" was added to the motion as an afterthought. Chairman Topping voted an emphatic "no" and Trustee Sparks, who strongly favored retaining Mr. Udell, was absent.

Absolutely no reason was given by any of the majority members of the board for their action in virtually dismissing a man who had rendered more than 15 years of service to the city. Direct questions put to them individually and collectively failed to bring out any objection to Mr. Udell's character or the quality of his work for the city.

"What I did I did for what I considered the best interests of the city," said Mr. Belohlavek. "I have no explanations and no apologies," said Mr. Isaacs. "We had Mr. Udell's resignation before us—what else could we do?" said Col. Hall.

Mr. Udell need have no particular worry over the outcome. He had resigned to accept a job at increased pay with the construction department of a large real estate and development corporation. He was offered the position after the head of the corporation had investigated his record and ability to get good results and save money on street contracts.

When it became known that he contemplated leaving the city's service, the petition asking the trustees to advance his pay to a point sufficient to retain his services for the city was started by citizens entirely without his knowledge. Frank M. Hildebrandt, H. O. Smith and others who circulated the petitions reported that they had a most cordial reception everywhere, no one refusing to sign and many people seeking the opportunity. It was presented to the board as the most remarkable petition ever drawn up in Sierra Madre, not only for the number of signers, but as an expression of good will and confidence for Mr. Udell.

City Attorney Fred Baker said that in all his experience as attorney for many municipalities he (Continued on Page Eight)

## CANADIANS TO HOLD MONSTER BEACH PICNIC

The Canadian Club of California will hold their first summer picnic and reunion at Redondo Beach City Park, all day Saturday, May 28, and at the same time the Canadian Old Boys and Girls' Association will hold their Empire Day celebration and Diamond Jubilee of Confederation festivities. As a compliment to the Canadians, the American Tourist Association will stage a great program of lacrosse and other games, carnival features, band concerts, free dancing, international speakers, etc.

## DEPUTY GRAND MATRON WAS HONOR GUEST

Mrs. Sadie P. Bagby of Pasadena, deputy grand matron of the Order of the Eastern Star in California, was the honor guest of the local chapter Monday night. It was the occasion of her official inspection visit, and there were also present a number of matrons and patrons from nearby chapters. Mrs. Bagby was highly complimentary concerning the ritual work as exemplified by Mrs. J. Milton Steinberger, worthy matron, and her corps of officers. Following the chapter session, the company enjoyed a refreshing repast of salad, sandwiches and coffee served in the banquet hall by a committee of past matrons, Mmes. C. L. Twycross and George B. Morgridge. The tables were beautifully arranged in star form and decorated by Mrs. Hortense Hill.

## CHIEF ISSUES TIMELY WARNING REGARDING SUMMER FIRES

Owing to the arrival of the dry season and the rank growth of grass this year, particular care is needed in guarding against fires, according to Fire Chief W. D. Richards and Marshal A. M. Udell. Regulations governing fires and fire permits must be strictly observed, to avoid the penalty of breaking the law. These apply to burning off lots, and to open bonfires of all kinds.

Permits must be obtained before starting fires for burning off lots anywhere in town, at any time.

North of Grand View Avenue is a restricted fire district where additional precautions must be taken on account of the danger of mountain fires. In this district permits must be obtained for open fires for the burning of rubbish, paper or weeds, as well as for burning off lots. The cooperation of the public is earnestly desired in these matters.

Mr. and Mrs. George M. Lehner left Tuesday morning for a three-day trip to San Diego and La Jolla.

## Victims Of Auto Crash In Hospital

Cadillac Crashes Into Rear of Car on Central Avenue Sunday

Mrs. N. S. McGrath and Mrs. Walter Deleware of Los Angeles are at the Sierra Madre Hospital recuperating from injuries sustained in a peculiar automobile accident occurring on Sunday afternoon. Both suffered severe bruises and cuts, but are thought to have suffered no permanent injury.

Mr. and Mrs. McGrath, accompanied by Mr. and Mrs. Walter Deleware, were driving slowly on Sierra Madre Avenue near the corner of Sierra Madre Avenue when their Flint Wrougham was struck in the rear by a Cadillac limousine driven by E. P. Riley, being a rented car from a Beverly Hills garage. He had as passengers Mr. and Mrs. Alex A. Smith of London, England. The serious damage done to the McGrath car indicated the Cadillac must have been traveling rapidly.

Mr. and Mrs. Deleware were on the way to the home of their daughter, Mrs. Roy C. Wages, 89 East Alegria. By a curious coincidence, Mrs. Wages came along in his car just after the accident, being on his way home from Alhambra.

## Footie Opens Stationery Store Here

F. A. Footie, who came here recently from Long Beach, is opening a new stationery store in the Sierra Madre Hotel building. He has taken a room adjoining the McLellan dry goods store on the east side of the patio.

Mr. Footie has been in business in Long Beach the past fifteen years. He announces his intention to become a permanent part of the business community of Sierra Madre. At present, with his wife and little daughter, he is residing at 261 North Lima street. Later they expect to buy or build a home of their own.

Formal opening of the new store will take place on Saturday, May 28. While the store is now open for business, Mr. Footie is still busy with the installation of stock and fixtures and will not be fully ready until the opening date.

## Well Baby Clinic Next Thursday

There will be a regular meeting of the Well Baby Clinic on Thursday, May 27, from 9:30 to 12 o'clock at the Park House. Most mothers here are taking advantage of this opportunity to have their babies' health looked after by these competent physicians, and they are very enthusiastic about it.

Mr. and Mrs. Oscar Rasbach had as a guest on Sunday Joseph Rogers, a well known sculptor of New York City.

Luther Burbank left an estate amounting to \$168,624.22, it was disclosed when the estate was admitted to probate in Santa Rosa.

## Bonds Bring Premium To City Coffers

Five Hundred Dollars Paid by Marble Company for \$24,000 'Paper'

Opening and Widening of the Churchill Road Under Consideration

A premium of approximately \$500 will be received by the city of Sierra Madre on the \$24,000 issue of city hall bonds which were ordered sold last Thursday night by the city trustees to the John M. C. Marble Company. Only two bids were received, the Elmer J. Kennedy Company offering \$499.50 premium and the John M. C. Marble Company offering \$507.50 premium over par and accrued interest. The bonds will bear 5 per cent interest.

Opening and widening of Churchill Road to connect with the improved streets in Marlborough Terrace tract is the object of proceedings undertaken at the request of Porter & Sutton, attorneys representing the Z. L. Parmelee estate. A check for \$250 to cover preliminary expenses was deposited and the city engineer and attorney were instructed to prepare the necessary proceedings.

The board members voiced their unofficial approval of the specifications for a street to be opened between Central and Live Oak Avenues, through the Brooks, Richardson and Morton properties. Appointment of W. D. Richards as chief of the fire department and Vernon Udell as second assistant chief was approved, also the election of Messrs. R. R. Moreland and A. Freeland as members of the department.

Glen Hoag was appointed special police officer for fire patrol duty along the foothills and mountain trails during the summer season. The city will pay a part of his compensation, in conjunction with the city of Arcadia and the county.

The board voted to file a protest with the state water commission against an application to appropriate waters of Santa Anita Creek that would be injurious to the water rights of the city of Sierra Madre, or to its underground water supply, the application having been filed by the city of Arcadia.

The proposed ordinance prohibiting noise nuisances by fowls or live stock was laid on the table, on motion of Trustee Belohlavek, seconded by Trustee Sparks.

On motion of Trustee Isaacs, seconded by Trustee Sparks, to city attorney was authorized to incur an expense of \$100 for the legal opinion of the firm of Gibbons, Dunn & Crutcher as to the validity of the city hall bonds, also an expense of \$135 for the printing of the bonds by the Jeffries company.

On motion of Trustee Belohlavek, seconded by Trustee Hall, the building inspector was authorized to issue a temporary building permit for an ice storage house at 306 Mariposa Avenue.

The street committee will investigate and report on a plan of operating an auto camp on the water department property, under a motion of Trustee Belohlavek, seconded by Trustee Hall.

Reappointment of Oscar Seiling as a member of the planning commission was confirmed by the board.

On motion of Trustee Isaacs, seconded by Trustee Hall, the city clerk was instructed to communicate with all architects submitting tentative city hall sketches, requesting a statement of terms for their services. Architects who submitted plans were R. M. Finlayson, J. B. Hosford, J. J. Kucera, J. A. Larralde and Paul R. Williams, R. S. Loring, E. Volmy, W. J. Saunders, Hogan Co., Floyd C. Johns, W. P. Shepherd and Joseph Kaiser. All the plans were referred to the planning commission for consideration.

## Funds Needed For Cleanup Of Cemetery

Contributions for the cleaning up of the Sierra Madre cemetery are coming in slowly, according to Henry Olsen, American Legion committeeman in charge of the fund. About \$100 is needed and so far only \$18.75 has been given.

The donors to date are as follows: Mrs. C. L. Calvert, Mrs. Sinnott, Mrs. E. Louise Gray, Capt. J. A. Osgood, Col. and Mrs. Herman Hall, Robert Michell, Thomas Neale, George Cox, Mr. Doolittle, C. M. Clark, Henry M. Olsen, Martin Olsen, W. O. Calkin.

Los Angeles, May 18.—When Bill Richardson of Stanford ran the half mile in 1:54 1-5 last season, he thought he had set a record that would stand for some time, but it now appears that Richardson's mark will go glimmering in the Pacific Coast intercollegiate at Los Angeles on the fourth of June.

Richardson set his mark in the annual Pacific Coast Conference meet at Palo Alto last year. Now the great far-western conference has invited every Class A university and college in western America to join in with its members in an attempt to decide for the first time the team and individual championships of the Far-West. Richardson's conference mark, therefore, will be at the mercy of every crack half-miler west of the Mississippi.

Capt. Jimmy Charteris of Washington and Elmer Boyden of California are the two men that are most likely to get under Richardson's record this year. Until Charteris met Richardson at Palo Alto last year he had never been defeated. The Stanford man made the Puget Sounder taste the bitter dregs, however, that day at Palo Alto, and Charteris is anxious to get revenge by breaking the splendid record set by his former rival. Charteris has been running close to 1:55 flat all year but he is expected to get under 1:54 under close competition. Elmer Boyden of California is the man that will give Charteris all he wants in the way of a race. The California half-miler has run faster than Richardson's record. He defeated the Stanford man in 1925 in the annual California-Stanford dual meet in 1:54:1. However, Charteris beat the Bruin out for second in the Pacific Coast Conference meet last year.

But Washington and California haven't a corner on the good half-milers. Harold Lovejoy and Ed Gloege of Southern California have been running mighty fast this year and will be right up among the leaders at the finish. Lovejoy's best time is 1:56 3-5. Carl Tysel of Montana and Francis Knifton of O.A.C. are two other half-milers that will have to be figured in the race.

Successful experiment with a new radio broadcasting system which will allow 1900 stations to operate simultaneously has been announced. The new system permits stations to broadcast with only one-half kilocycle separation between the waves, in contrast with the fifty kilocycle separation which the Federal Radio Commission plans to enforce in New York and Chicago.

Appraisals of the estate of the late Herman Vogel, Los Angeles and Sierra Madre pioneer capitalist disclosed a valuation of \$2,046,245.70. Vogel, who died in Austria, November 22, 1926, left \$25,000 to his Japanese gardener, \$20,000 to Herman Schultz, a friend who once saved him from drowning, \$10,000 to the Salvation Army and other bequests.

Belgium and Rumania, traffic is kept to the right side of the road. In England, Argentina, Uruguay, China and Czechoslovakia, drivers keep to the left.

Recognizing the relation of the allied arts to architecture, the University of Southern California announces a new course in fine arts, including sculpture, interior decoration, mural painting and general design.

The strawberry crop for this season will be 34,500,000 boxes short of the earliest estimates. Freezing temperatures in some sections, dry weather elsewhere and the floods in the Mississippi valley have combined to reduce the original estimate.

The tradition that girls are not equal to boys in mental ability has been shattered, and it also has been proved rural pupils fall below city pupils in intelligence, according to an assertion from a research department at Wisconsin University.

Motorists should use caution in giving youthful "hitch-hikers" free rides. About 70 per cent of the youths and flappers who "hitch-

hike" to the large cities left home practically penniless. It is an easy road to panhandling, destitution and crime," a warning states.

Government and Arizona engineers are busy on plans for the highest steel bridge in the world, to be built across the Colorado River near Lee's Ferry. Its floor will be 465 feet above the surface of the water, and its main span will be 600 feet long.

Seven thousand gobs, representing the ships stationed near New York, declared they were in favor of "red-headed mamas" rather than peroxide blondes. That is, the majority of them prefer redheads. Only 900 cast their ballots in favor of languorous brunettes.

A \$200,000 promissory note executed by Mrs. Sarah A. Livingston and made payable to the University of Southern California one day after her death, was declared to be a valid document by Superior Judge Price. Mrs. Livingston also left a will giving her estate to the Presbyterian Board of Foreign Missions. The note took practically the entire estate.

### Interesting News Notes Gathered from Here and There

Pasadena has started the clean-up of 1800 vacant lots. The work is in charge of the fire department.

Stutz Motor company showed a net profit of \$365,512 for 1926 in contrast to net loss of \$1,660,384 in 1925.

Queen of Angels Hospital, 2301 Bellevue Avenue, Los Angeles, a million-dollar institution, was dedicated Sunday.

English home-owners have found that maids and servants refuse to stay in communities which have no cinemas.

Luther Burbank left an estate amounting to \$168,624.22, it was disclosed when the estate was admitted to probate in Santa Rosa.

Joe Strakoff, an employee of the Pacific Electric at Mt. Lowe, recently tried to pet a rattlesnake. Joe is recovering, but he had a close call.

Home economics courses, offering practical training in domestic arts, are announced for the 1927 summer session of the University of Southern California.

The government of Portugal is buying thirty naval units abroad. The craft will include cruisers, destroyers, submarines and two heavy cruisers of 8000 tons each.

Opposition to the "talking film" has grown to such an extent in France that a "League of Silence" to combat it has been formed by a number of leading cinema critics and producers.

A bumper orange crop for California is shown by the estimate of 28,500,000 boxes as the result

of unusually favorable growing weather and absence of frost. Last year the crop was 24,200,000 boxes.

A Methodist church-hotel will soon rise in San Francisco. The church will accommodate 1300 worshippers while the hotel will be of 23-stories and have more than 500 rooms and apartments.

## Interesting News Notes from Sierra Madre Canyon

W. T. Michael, who conducted the store known as Bill's Place at 397 North Mountain Trail, has removed to Corum's parking place, where he is to operate a general grocery store. Mr. Michael has installed a refrigeration plant from which he will furnish ice cold drinks and ice cream to the hikers.

Mr. and Mrs. F. G. Mogle had as their guests over the weekend, Dr. and Mrs. William G. Parker and Mr. and Mrs. M. E. Lanphere of Long Beach.

Mmes. E. A. Anderson, Myrtle Held, J. H. Burke and H. B. Paisley enjoyed a chicken dinner under the trees at the Canyon Club house on Tuesday.

Miss Laura E. Cadmus visited Mrs. Josephine Rea Ammons of Paris, France, at the Biltmore Hotel on Monday. Mrs. Ammons was chairman of the music committee in the First Church of Christ Scientist where Miss Cadmus was soloist while in Paris.

Mr. and Mrs. A. M. Croxson, Mr. and Mrs. Stephen Petzel, Mrs. Laura M. Cline, Mrs. W. B. Corum, Miss Laura E. Cadmus and W. D. Richards were the Canyon residents present at the buffet supper sponsored by Mr. W. R. Humphries at the Woman's Club house on Tuesday.

Mr. and Mrs. D. A. Hawk had as their guest on Sunday, Mrs. Victoria Stratton, widow of Judge Stratton, elder brother of the late Gene Stratton Porter, the well known writer. The Hawk and Stratton families were neighbors in Indiana many years ago. Mrs. Stratton's granddaughter, Miss Patrick, is at present in Indiana where she is aiding in the filming of Gene Stratton Porter's famous book, "The Girl of the Limberlost." Mrs. Stratton and Miss Patrick, together with other Indiana people, are sponsoring a movement to make the Limberlost a public park in honor of the author.

Mr. and Mrs. Fred Ward and Mr. and Mrs. E. A. Anderson were the guests of Mr. and Mrs. Julius Holbin of Arcadia on Wednesday. Mr. and Mrs. Holbin are former Canyon residents.

Mrs. G. W. Lollis of Long Beach is the guest of Mrs. J. R. Thompson of Ak-sar-ben cottage. Mrs. Lollis plans to spend two weeks in the Canyon.

On Saturday Mrs. Clara Knight of South Pasadena entertained at a bridge luncheon at the home of Mrs. Z. L. Parmelee on Marlborough Terrace. The guests were Mmes. W. Winters, R. Hughes, A. Chalmers, Frank Chalmers, A. Goodwin, F. Collison and Miss Esther Bedell. Prizes were awarded to Mrs. W. Winter and Mrs. R. Hughes.

On Thursday Mrs. Charles Leebrick, Jr., of Hollywood, a niece of Mr. and Mrs. D. A. Hawk of the Canyon, gave a luncheon at the Hawk home on Brookside Lane in honor of visiting friends from Peru, Indiana. The guests were Mmes. Lizzie Emswiler, Oscar Miner, Vida Cornelius, Olive Miller, Lillian Smith, Charlotta Stratmeyer, Bertha Gregory, Robert Lohmeyer, Maude Banta, Mary Miner, Nordica Smith, Turpin, Matthews, Misses Marjory Williams and Virginia Lohmeyer. Mrs. Leebrick is spending the week at Mountain View Lodge with Mrs. Alma Haas.

Mr. and Mrs. C. F. Ishoy and family attended a convention of Southern California American Legion posts at Redondo Beach on Sunday. Mr. Ishoy is a member of the drum and bugle corps of the Monrovia Post, No. 44, which won a silver loving cup and fifty-dollar prize.

On Friday Mrs. D. A. Hawk of Brookside Lane entertained in honor of her sister, Mrs. Vida Cornelius. The evening was spent at bridge. Refreshments were served at midnight. The guests present were Mmes. C. L. Hoover, A. J. Dewey, J. F. Key, Francis Burton, Lillian L. Lewis and Charles Leebrick, Jr.

Among visitors to the Canyon during the week were Mrs. Walter Callahan of Sacramento, Mr. and Mrs. S. E. Price of Long Beach, Mrs. Carlton Sligh of Los Angeles and Mrs. Harriet Colton Billings of Pasadena.

## Langdon In Fun Riot at The Wistaria

Harry Langdon has "clicked" again. Establishing a new high mark in entertainment and appeal, the whimsical, sad-eyed star has achieved an epochal laugh-clasific in "Long Pants," his latest First National feature, coming tonight and Saturday to the Wistaria.

Sally O'Neill plays the title role in a new picture coming Sunday and Monday, "Frisco Sally Levy." The picture is a comedy romance of Jewish-Irish family life, its locale being San Francisco.

The influence of a woman on the life of the man she loves is the theme of "Rose of the Tenements" which will be shown Tuesday and Wednesday. Shirley Mason as Rose plays the part of a girl who is in love with a restless but thoroughly lovable boy who is eternally championing various causes.

Checks aggregating \$80,000, representing 30 per cent of the profits of the Southern California Safeway stores for the past three months, have been mailed out to the 450 partner-managers of the Safeway stores.

## NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.

No. 220-089  
In the Superior Court of the State of California in and for the County of Los Angeles.  
O. H. CUNNINGHAM, Plaintiff,

—vs.—  
GLENN W. ALLEN ET AL, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 18th day of May, 1927, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against GLENN W. ALLEN and WILLIAM H. BIRD, Defendants, on the 12th day of May, 1927, for the sum of SIX THOUSAND TEN AND 97-100 Dollars gold coin of the United States, which said judgment and decree was on the 16th day of May, 1927, entered and recorded in Judgment Book 652 at page 107 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot Four (4), in Block "J," in Tract Eighty-eight Hundred Twenty-five (8825), as per map recorded in Book 112, Pages 82, 83 and 84 of Maps, in the office of the County Recorder of said County.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 14th day of June, 1927, at 12:30 P. M. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated May 18, 1927.  
R. E. ALLEN,  
Commissioner appointed by said Superior Court.  
R. J. GARDNER,  
315 W. 9th St.,  
Attorney for Plaintiff. 34:37

## What's Doing At Theaters In Pasadena

### Colorado

The attractions at the Colorado for the week beginning today include Richard Dix in "Knockout Reilly," a comedy, the latest news, Romandi and his band and a gorgeous Fanchon and Marco stage revue featuring Helene Hughes, Roy Smoot and a chorus of Sun-kist Beauties.

"Knockout Reilly" is, briefly, a saga of fistuffs, wherein a young steel puddler finds life a high adventure.

### Florence

"Three Hours," starring Corinne Griffith, the most beautiful girl in screenland, capably supported by John Bowers and Herbert Bosworth, is proving to be a big drawing card at the Florence Theatre this week.

"Frisco Sally Levy," a fun-plus picture, featuring the vivacious Sally O'Neill, opens at the Florence Sunday for a four-day run.

### The Strand

Rod La Roque in Count Leo Tolstoy's mighty drama of human passions, "Resurrection," will be seen at the Strand theater beginning Saturday. The role of the Prince is portrayed by Rod La Roque while that of the peasant girl is played by Dolores Del Rio. The cast also includes many other actors of note on the silver screen.

### NOTICE INVITING BIDS

#### Transportation

Notice is hereby given that the Board of Education of the Pasadena City High School District will receive sealed bids for bus transportation as follows:

From Sierra Madre Grammar School, Sierra Madre, California, to the Woodrow Wilson Junior High School, corner of Blanche and Madre Streets, Pasadena—one trip morning and one trip afternoon, daily, except Saturday and Sunday.

Bids shall be made out on a form to be obtained at the office of the Business Manager of the Pasadena Board of Education, 320 East Walnut Street, Pasadena, California, and filed with the Business Manager at or before 11:00 a. m., Tuesday, May 31st, 1927, at which time and place the bids will be opened in public.

Proposals must be accompanied by a certified or cashier's check for 5 per cent of the amount of the bid as a guarantee of good faith.

The Board reserves the right to reject any and all bids and to eliminate any item or parts of items when awarding the contract.

By order of the Board of Education of the Pasadena City High School District of Pasadena, California, Los Angeles County, California.

L. M. PRATT, Secretary,  
Pasadena Board of Education.

#### OUT OF THE WEST

(Upland News)

PRESENT indications are that men will have to go out of the west and down into the Mississippi Valley before the flood problem there will be solved. Not that men there haven't endeavored to solve the problem, but their preparations to solve the difficulty haven't been on the extensive scale necessary to cope with all the elements necessary.

Men of the irrigation states were brought up where flood waters of the winter months went rampant and in their race for the sea made waste of vast territories just as the Mississippi and her tributaries are doing today. This condition didn't occur every year, but it came just often enough to prevent constructive development and so a more extensive plan had to be devised.

Harnessing of the mountain streams has been solved to the point where the loss of a few bridges practically covers the serious damage and loss of homes or business enterprises seldom enters in.

Many eastern visitors who see the extensive water ways built in California marvel at the extravagant use of money, especially so if they happen to be here during a dry year. Californians know what happens when Jupiter Pluvius turns loose and understand the immense investment of this type of protection.

What the Mississippi and her tributaries will do is well known by men of those river states yet thus far and over a period of many years they have failed to cope with the menace.

The problem there compares favorably with our Colorado River problem and never until Los Angeles city was in need of more water was there any activity worth while devoted to the Colorado. After the Boulder Dam is built, and the problems of Los Angeles and Imperial Valley as well as the problems of other Colorado River states have been solved, our engineers should be sent into the Mississippi Valley to help local

men there in harnessing the water of those rivers and for all time eliminate the loss of life and waste of property which has just been experienced.

#### THE GREATEST NEWSPAPER

(By John H. Casey)

IT is not published in New York City. Chicago has none that compares with it. Florida's or California's larger cities know it not. Even Canada's great cities from coast to coast—Halifax, Quebec, Montreal, Toronto, Vancouver—none of these of it can boast. Texas, getting warmer, but even the larger centers of Texas dare not lay claim to such.

For the greatest newspaper in North America wields ten times the influence, is read by one hundred times more readers, carries inestimably more pages of advertising than any newspaper in any great city in this great continent of ours.

The greatest newspaper in North America gets closer to its readers, is read longer, believed in more confidently, determines the outcome of more elections, exerts a greater power for progress, sells more merchandise, rights more wrongs than any metropolitan daily or group of metropolitan dailies of the land.

The greatest newspaper in North America is issued in 12,000 editions, fifty-two times a year, published in 12,000 separate newspaper offices in 8,000 different towns and villages throughout the United States and Canada, which offices occupy a combined floor space far in excess of that afforded by the great Woolworth building of New York City and the great Wrigley building of Chicago.

The business of this greatest of newspapers in the aggregate would astound even the president of America's greatest industrial corporation.

In comparison, the service rendered by this great paper would make the achievements of any single philanthropic enterprise or of any individual philanthropist fade into nothingness.

We all love to read it even though we have drifted far from home. The greatest newspaper in America is the home-town paper, better known to most of us as The Country Weekly.

#### A WAY OF LIFE

To do things because we love them; to love things because we do them. Meanwhile to keep the eyes open, the heart warm, the pulses swift as we move across the stage of life. "To take the old world by the hand and frolic with it," was a dictum of Stevenson. Old as the world is, let it be always new to us as we are new to it.

Half the joy of life is made up of little things and taken on the run. Let us run if we must—even the sands do that—but let us meanwhile see that nothing worth while escapes us, and everything is worth while if we grasp its significance.

—David Starr Jordan.

## THE MOUND BUILDERS

By G. Arthur Gray

The following article is written entirely from personal experience. Perhaps it is not necessary to say that as no writer on this subject has any data to quote from.

Probably no race of beings has caused so much mystery as the Mound Builders. How and from where they came will never be known. The same reasoning may be used of their departure.

Some scientists have called them Indians, but all Indians have a tribe name, while the Mound Builders were never known as a tribe.

First traces of them were found in the extreme southwestern part of New York state. Then they migrated across the middle states through Texas and into Mexico, their ranks gradually growing less and finally disappearing in Yucatan. Whether killed off by an overwhelming enemy, or wiped out by an epidemic, no one knows.

They have left no sculpture, no carvings, no hieroglyphics, no implements or records of any kind to help solve the mystery. In some of the burial mounds may be found pottery, always thin and usually broken, a few hard lumps of red and yellow paint, and skeletons. Sometimes an altar used for sacrificial purposes, but whether the charred bones were those of humans or of animals has not been determined.

The skeletons are of large men, fully seven feet in life. Perhaps women, children and men of small stature were not honored by burial of that kind, or perhaps they were sacrificed—mystery.

The writer explored one mound that contained thirteen skeletons, placed like spokes of a wheel. A red sandstone altar about two feet square, having on it charred bones was in the center. The bodies had been placed on the surface of the ground, then the mound, which was shaped like a hay-stack and about fifteen feet high, had been built over them. What keeps these mounds from being washed away is another mystery.

When examining this mound it was a little rainy. The writer was in a stooping position and had his umbrella spread. Without noise or warning a wild hog came up from behind, stuck his nose in the most convenient place and pushed the intruder over into the mud.

The first fleet of the new roller-bearing trains to be operated by the Chicago, Milwaukee & St. Paul Ry. will begin operation tomorrow as part of the Pioneer Limited. Velvet ease of riding at all speeds will be coupled with entire absence of jolt and jar in starting and stopping, it is said. mud, then began nosing around the skeletons in search of soft bones. Professors from Columbia University were near by to give assistance and drove away the impudent hog.

Ohio abounds in mounds. They are of geometrical shapes; squares, triangles, pentagons and circles. Exception to these are the burial mounds and the "Great Serpent Mound," 1400 feet long, holding an egg eight feet long. This is in a forest and not easily accessible, but is considered one of the most wonderful mounds in existence. The writer and a few others from Harvard University financed and restored this mound to its original shape and condition.

At Circleville, named after the Mound Builders Circle, is a structure, originally twenty feet high, having trees 200 years old growing on its banks. The owner says that tradition has it that this circle was originally filled with water. The circle is remarkable in its exactness, as if constructed by a modern engineer. The writer paced it and found the circumference 5280 feet. Is this just a coincident or did they have measurements just like ours?

At Newark is a series of embattlements and ramparts nearly one half mile long with embayments, as if designed to rush out on an enemy and have a chance to retire behind the ramparts.

At Marietta is an elevation about twenty feet high, 500 feet wide. It is not known if the surrounding soil was dug away, or if the mound was built. It is perfectly level on the top and is now used as a playground for school children. There is no tradition connected with it—mystery. It was probably used for an assembly where it would be free from wild beasts, or where the approach of an enemy could be easily seen.

Missouri is plentifully covered with Mound Builders work and is mostly in form of mastodons, reptiles, turtles and birds. These were evidently built for worship.

Scientists have generally given up the study of those curious people, for there has been found so little to work from. Those who made most study of the subject have set dates of their existence on earth from 800 to 1500 years ago. Probably the former figure is nearer the truth.

Study as one may, he will find nothing but mystery in their beginning and ending, their mode of living, their method of building mounds so that they would not be obliterated, why their grotesque forms of mounds were not often duplicated and what was their use.

## All Around the Town

### Will Make Home In

Sierra Madre—

Mr. and Mrs. Thomas Joannakis are finishing their cottage on the point on Vista Drive in Sierra Madre Canyon. Mrs. Joannakis, formerly Miss Hazel Roberts of Connecticut, started this house as a studio last year when she was called to San Francisco to illustrate Jackson Gregory's serial on early California, "The Sword of Don Julian." The story ran thru five numbers of Sunset Magazine.

Miss Roberts stayed in San Francisco to accept several portrait orders and give a course of lectures on occultism and metaphysical healing at the Metaphysical Library at the Liebes Building in that city. She is now showing an exhibit of desert paintings and late portrait work at Gump's Art Gallery.

Mr. and Mrs. Joannakis married shortly after his return from a trip thru Canada where he was sent by "The Prometheus" for a series of articles for that publication. During the past two years he has toured the world, collecting material for a coming book on international relations. Besides being an intellectual, Mr. Joannakis is a crack long distance runner and athlete. His home is in Philadelphia, while Mrs. Joannakis comes from New Haven. The both have brothers who are commanders in the United States Navy. They will make Sierra Madre their headquarters owing to the beauties of scenery and climate.

### Entertained Dickens

Fellowship—

Miss Edna Green and Mrs. Fred Griebenow entertained the Dickens Fellowship at lunch Wednesday at the former's home. The guests were Miss Graham and Miss Munsell and Mmes. Goodfellow, Bacon, Drake, Green, McClelland, Jones, Hart, Shaw, Miller, Tarr, Addis and Rust of Sierra Madre and Mrs. Hart's house guest, Miss Lee; Mrs. Saunders of Los Angeles, Mmes. Pierce, Maull and Wright of Pasadena.

### Bridge Tea at Vista

Del Arroyo—

Miss Jean Woodward entertained delightfully Tuesday at a smart bridge tea given at the Vista Del Arroyo in Pasadena, about fifty guests being bidden. Exquisite spring flowers were used for decorative purposes. The very tempting refreshments served were in pastel shades, harmonizing beautifully with the decorations.

### Quietly Married at San

Bernardino—

Miss Madeline Hibbs was quietly united in marriage in San Bernardino Saturday morning to Jack daughter of W. L. Hibbs of 249 daughter of N. L. Hibbs of 249 Ramona Avenue and a student at the Pasadena high school. Mr. and Mrs. Hibner are residing in Pasadena at 255 North Chester Avenue.

### Visited Friends at

San Gabriel—

Mr. and Mrs. O. E. Emley and Mr. and Mrs. Guy Steinberger were among the guests Saturday night at the home of Mr. and Mrs. W. W. Bibba of San Gabriel. The evening was spent playing cards, followed by appetizing refreshments.

### Woman's Guild to

Meet Friday—

The Woman's Guild of the Church of the Ascension will meet on Friday, May 27, at 2:30 o'clock in the home of Mrs. M. D. Welsher, 517 West Highland Avenue.

Mr. and Mrs. Frank Barbour are entertaining Mr. Barbour's mother, Mrs. Elsie P. Barbour of Oakland. She expects to remain here until after the graduation exercises at the Pasadena High School, as Miss Virginia Barbour will be graduated at that time.

### Mother-Daughter

Banquet—

The Ekolela Camp Fire Girls entertained their mothers last Saturday evening with a Mother-Daughter banquet on the lawn at the home of Mrs. F. L. C. Roess. The decorations and favors consisting of a May-pole and baskets of flowers were made by the girls and the excellent dinner was also prepared and served by them.

Later in the evening a ceremonial meeting was held at the home of the guardian, Miss Clara Sykes, at which the rank of Woodgatherers was given to each girl who had performed the necessary requirements. The mothers present were Mmes. S. Harleman, F. D. R. Moote, Rihard, F. L. C. Roess, H. Shapiro, M. Kaplan, E. M. Scott, A. M. Udell and M. Kirk of Pasadena.

### Modern Priscillas

May 26—

Mrs. C. W. Jones and Mrs. W. J. Miller will entertain the Modern Priscillas at the home of Mrs. Jones, 49 East Alegria Street, on Thursday, May 26.

Mrs. Elwood P. Lyon will give a lecture to women only, Saturday, May 21st, at 3 p. m., in Bethany Hall. Girls fifteen and over will be admitted. All women invited.

Alfred G. Lehner of Coronado was the guest of his brother, George Lehner, last week, stopping on his way to Minnesota, where he spends his summers.

Mr. and Mrs. W. H. Morrow of East Grand View are entertaining Mr. and Mrs. U. C. Rogers of Camden, New Jersey.

Miss Esther Silberman of Mountain Trail and Grand View Avenue has as her house guest for the week end, Miss Susan Bushman of Hollywood.

Dr. M. C. Laidlaw returned home Monday after attending the Congregational convention at Redlands for three days and visiting at the home of Mr. and Mrs. H. C. Hall of Elsinore for about five days. Mr. and Mrs. Hall were formerly Sierra Madre residents, living in the canyon.

Mrs. J. G. Adelmeyer and daughter, Mrs. C. W. MacArthur, were at Santa Monica from Friday until Sunday. On Saturday Mr. MacArthur, accompanied by some friends, toured down and remained until Sunday.

The friends of the Rt. Rev. Bertrand Stevens, D.D., Bishop Coadjutor of the Diocese of Los Angeles, will be pleased to know that he is able to come to the Church of the Ascension to administer the rite of Confirmation to a class of candidates on Ascension Day, Thursday, May 26. Bishop Louis C. Sanford of San Joaquin, who has been helping Bishop Stevens during the illness of Bishop Johnson, will not come for confirmation as recently announced.

Curtis Goodenow of Monrovia and a former resident of Sierra Madre, and Miss Margaret Brett of Mason City, Iowa, have announced their engagement and expect to be married sometime this fall. Miss Brett who has been spending her winters in Southern California started east Monday, to be gone a short while.

Mr. and Mrs. H. B. Busing of Los Angeles have purchased, thru the real estate office of W. R. Humphries the lot, corner of Adams and Grand View. It is the intention of the purchasers to build on this lot and make this city their home.

Mrs. Kate Hudson of Catalina is spending a few days with her sister and brother-in-law, Mr. and Mrs. J. J. Bergien.

By further request of Plaintiff's attorney the sale is hereby postponed and continued until Wednesday, May 25, 1927, at the same hour and place.

Dated this 18th day of May, 1927.

H. J. CRESS, Commissioner appointed by said Superior Court.

RAYMOND B. MC CONLOGUE, Sun Finance Bldg., Attorney for Plaintiffs. 34:

ORDINANCE NO. 313

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE NAMING AND ESTABLISHING THAT CERTAIN PUBLIC STREET DESCRIBED FOR SAID ORDINANCE, STURTEVANT DRIVE, AND CHANGING THE NAMES OF PORTIONS THEREOF HERE-TOFORE OTHERWISE NAMED TO SAID NAME OF STURTEVANT DRIVE, AND REPEALING ORDINANCE NO. 197, AND ALL OTHER ORDINANCES OF SAID CITY IN CONFLICT THEREWITH, AND CONTINUING IN EFFECT ORDINANCE NO. 277 OF SAID CITY.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1: That all that certain public street and highway in the City of Sierra Madre described as follows, to-wit:

Beginning at the Southwest corner of Lot "A" of the Canon Tract, as per map recorded in Book 10, Page 66, of Maps, Records of Los Angeles County, State of California; thence North no

degrees, twelve minutes East (N. 0°-12' E.) fifty and eighty-five hundredths (50.85) feet to the Northwesterly corner of said Lot A; thence South eighty-six degrees, fifty-two minutes East (S. 86°-52' E.) one hundred forty-six and thirty-nine hundredths (146.39) feet to a point in the Westerly line of Lot 74, Cypress Court, as per map recorded in Book 33, Pages 1 and 2, of Maps, Records of said County and State, distant North fifteen degrees, twelve minutes East (N. 15°-12' E.) four and seven hundredths (4.07) feet from the Southwesterly corner of said Lot 74; thence along the North fifteen degrees, twelve minutes East (N. 15°-12' E.) six and ten hundredths (6.10) feet; thence Easterly along a line distant ten (10) feet northerly from, and parallel with, the Southerly lines of Lots 74 to 79, both inclusive, of said Cypress Court, to a point in the Easterly line of said Lot 79, distant along said Easterly line, North twenty-two degrees, twenty-three minutes, fifteen seconds East (N. 22°-23'-15" E.) ten and fifty hundredths (10.50) feet from the Southeasterly corner of said Lot 79, said point being also the Southeasterly corner of Lot 7, Tract No. 3761, as per map recorded in Book 41, Page 40, of Maps, Records of said County and State; thence Easterly along the Southerly lines of Lots 7 to 2, both inclusive, of said Tract No. 3761, to a point in the Southerly line of said Lot 2 distant thirty-five and ninety-four hundredths (35.94) feet Easterly from the Westerly line of said Lot 2 and being the beginning of a tangent curve, concave to the Northwest, having a radius of fifty (50) feet; thence North easterly along said curve, sixty-two and forty-nine hundredths (62.49) feet to the end of same, being a point in the Westerly line of Lot A, Tract No. 2456, as per map recorded in Book 24, Page 36, of Maps, Records of said County and State; thence along the Westerly line of said Lot A, South twenty-three degrees, five minutes, thirty seconds West (S. 23°-05'-30" W.) forty-six and sixty-one hundredths (46.61) feet to the Southwesterly corner of said Lot A of said Tract No. 2456; thence South eighty-five degrees, eighteen minutes East (S. 85°-18' E.) thirty-one and sixty-two hundredths (31.62) feet to the Southeasterly corner of said Lot A, Tract No. 2456; thence along the Southerly prolongation of the Easterly line of said Lot A, Tract No. 2456, South twenty-three degrees, five minutes, thirty seconds West (S. 23°-05'-30" W.) twenty-one and eight hundredths (21.08) feet, to its intersection with the Northerly line of Lot 3, Tract No. 239, as per map recorded in Book 14, Page 69, of Maps, Records of said County and State; thence Easterly along the Northerly line of said Lot 3, to the Northwest corner thereof; thence Westerly along the Southerly line of Lot A of the Canon Tract, hereinbefore mentioned, following its usual course, as shown on said map of said Canon Tract, to the point of beginning; shall be and the same is hereby named STURTEVANT DRIVE and shall hereafter be so named and designated in all street improvement proceedings and public work in said City of Sierra Madre, and the name of any portion of said street heretofore known or called or designated by any other name shall be, and the same is hereby changed to, and known and designated as STURTEVANT DRIVE.

SECTION 2: That Ordinance No. 277 of the City of Sierra Madre entitled "An Ordinance of the Board of Trustees of the City of Sierra Madre, naming certain unnamed streets in said City of Sierra Madre, California," adopted on the 10th day of January, 1924, naming a certain continuation and extension of the street above described in Section 1 hereof, Sturtevant Drive, shall be and the same is hereby continued in full force and effect, and that Ordinance No. 197 of the City of Sierra Madre entitled "An Ordinance of the Board of Trustees of the City of Sierra Madre, naming a part of Lot 'A' Canon Tract, known as Carter Road and that portion of Lot 'A' of Tract 2456, known as Sturtevant Trail, to be a public street within the City of Sierra Madre, and declaring the width thereof" adopted on the 25th day of March, 1915, and all other ordinances and parts of ordinances in conflict herewith shall be and the same are hereby repealed.

SECTION 3: That the City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in said City of Sierra Madre and thereupon and thereafter it shall be in full force and effect.

Adopted and approved this 12th day of May, 1927.

E. L. Topping, President of the Board of Trustees of the City of Sierra Madre.

(SEAL)

ATTEST:

L. DIETZ, City Clerk of the City of Sierra Madre.

## Listening-in With Luellen

### THE POINT OF VIEW

"This world is in a sorry case," remarked the bat; "It is a topsy-turvy place, I'll tell you that. To see folks travel upside down, it makes me laugh, it makes me frown."

The world is silly, Mr. Cat, I've noticed that."

"The world is great and wise, my dear," remarked the cat; "But you yourself are slightly queer, I'll tell you that. For, hanging by your heels all day. You see things in a curious way. Your point of view depends on you; I've noticed that."

—Edna A. Collamore.

Lace is the newest trimming for summer hats, and is generally dyed the hat's prevailing shade. Models so trimmed are charming with afternoon and evening frocks.

The finishing touch to the smart collarless coats are the new colorful silk scarfs. These may be oblong, triangular or square and are worn in various becoming ways.

Belts take an important place in the mode. Everything is belted, often with patent or suede leather, or with stitched fabric of the dress.

The woolen materials introduced for spring have become sheer enough for summer wear as well. A new light woolen fabric—a sort of wool georgette—and the silk and woolen mixtures "hindikasha" and "moussikasha" are very light in weight, yet they take and hold the finest kind of pleating.

Frocks fitted to your measure, material of your own choosing and designs of your own selection result in far more individuality than so-called "ready-to-wear" garments.

An effective help to the home dress-maker is the expert hem-stitching and picotting done by Mrs. C. E. House. This form of trimming or finishing a garment is very practical, decorative and popular. Mrs. House takes extreme care with each order, doing the work in her home at 270 West Central Avenue, apartment rear of the Woman's Club House. Telephone Blue 17.

The period frock or "be de style" is voguish. Crisp "etats" and organdies adapt themselves to this type frock beautifully.

A new jewelry novelty is the gold or silver snake, which may be wrapped about the throat or wrist.

How miraculously your soiled gowns can be refreshed and made like new once more by the modern methods used in dry cleaning. The finest and daintiest apparel may be sent with confidence to the Sierra Madre Tailors and Cleaners at 14 West Central. No matter how badly soiled, they will be returned to you beautifully fresh and spotless once again.

And another reminder about having winter garments cleaned before storing or hanging them away for the summer months. By taking this precaution the life of the garment is prolonged and also insured against the invasion of moths. Call the Sierra Madre Tailors at Blue 194 for cleaning service.

The new haircut is seldom exaggeratedly short nor untidily long. It is usually just long enough to carry from one to four loose waves. Behind the ears and across the hairline in back it is cut in a "feather-edge." The side parting is the favorite. And the "Queen of Roumania swirl"—hair brushed up and across the back of the head—grows in favor, especially with the older women.

Keep your hair looking its best—trim and well-groomed—by a frequent visit to Langley's Barber Shop at 11 Kersting Block. Here a specialty is made of bobbing and trimming women's and

children's hair. A particular and courteous effort is made to please you at all times.

New caps skillfully cut of net tie down snugly over the edges of the bob. Worn to bed, these caps are an effective means of training the wave to stay in and the hair, straight or waved, to mold itself to the contours of the head.

You can have confidence in the ice cream and the confections purchased at Pettitt's, Kersting Block. Only the most wholesome and pure confections are sold here. You see, the children delight in going to "Pettitt's" and Mr. Pettitt conscientiously sees that they are sold only the most healthful and nutritious products. To further insure cleanliness and freshness of all ice cream sold here a new and modern Frigidaire ice-cream container has just been installed.

And, of course, you know the convenience of buying your magazines here—where a complete selection of periodicals is always on hand.

"Oh, wad some power the giftie gie us," that didn't need exchanging.

Nearly everyone has some room which can be made wholly delightful with new hangings and upholstery of the lovely chintzes, cretonnes, denims and other drapery and covering materials shown now. For these fabrics are put to most decorative uses as window hangings, uphsteries and for slip covers.

Mr. Hammond at 2299 Sierra Madre Street, Lamanda Park, does a beautiful work of this kind. He makes to order all types of curtains and draperies. He also very skillfully rebuilds and upholsters furniture and makes charming slip-covers for upholstered pieces. And what a delightful and economic means this slip-cover fashion is of refreshing your worn davenport and chairs. Estimates are cheerfully given without incurring obligation. You will find his prices extremely reasonable. Telephone Fair Oaks 6209W.

A convenient way to save magazine and newspaper clippings of interest is to secure a "clipping envelope" and keep in it a hole of the desk. The clippings concerning home, gardening, recipes, etc., etc.

Hunting is at best a worrying, tiresome task, which can be greatly lightened by the help of a competent real estate agent. Or if you desire to sell your present holdings they can aid you tremendously in finding a reliable purchaser. A good realtor is in constant touch with the market and knows its values and can consequently save or make you money. Andrew and Hawks, real estate agents at 81 West Central, have a large, diversified listing of Sierra Madre properties. Whether you wish to rent, buy, sell or trade, you will find them to be in a position to serve you advantageously. Telephone exchange 2.

The only assurance that we are not missing the one opportunity lies in making the most of every opportunity, in treating every day as if it were the one eventful day of life; in doing each and every piece of work as if upon our fidelity depended all our future lives. This was Lincoln's way, we are told in his biography by Morgan.

You may enjoy the charm and comfort of the new furniture you have been wishing for by taking advantage of the unusual furniture-buying opportunity offered this month by the Sierra Madre Furniture Store at 12-14 North Baldwin. Their May clearance sale continues with splendid new values added for the balance of the month. Every piece of furniture, every rug and piece of linoleum, all gas heaters and stoves, pictures, lamps, their attractive selection of wall paper—in fact practically their entire stock is

reduced from 15 per cent to 33 1-3 per cent on their original low prices. This is a timely opportunity to secure furnishings to beautify your home at a great saving. The values will surprise you—do see them.

To make an enemy you have to possess a personality. To make a friend you only want the usual cake-making ingredients—lots of butter and sugar.

"Money Mileage," the most miles on the investment, is what the average tire user is looking for. How many miles is there still left in the carcass of your used tires when the "surface" rubber is worn away?

Many of the roads in Southern California are made of decomposed granite, requiring a thicker and heavier tire for satisfactory service. Mr. Myers of the Myers Tire Service, 62 West Central, has made a study of road conditions surrounding Sierra Madre and has had a special extra heavy tread manufactured for him which he is using in retreading work. You will find that a good tire carcass retreaded by Mr. Myers with this new extra heavy surface rubber will surprise you with its mileage—often outdistancing new tires. Telephone Main 248.

Several plain white blotters kept in the buffet drawer in the dining room will be found useful in using to absorb anything which has been spilled on the table. The blotter takes up liquids more quickly than napkins and also saves possible stain and laundering of the napkins.

For relaxation and enjoyment after one's daily work, the radio has proved a real boon to American home life. A turn of the dial, a touch of the finger—and the room is filled with melody. It may be the majestic strains of a grand opera rendition or it may be the thrilling syncopation of a jazz orchestra—your radio interprets your choice.

Reliable radios and radio equipment may be purchased at the Sierra Madre Electric Company—15 Kersting Block. Mr. Farman is the authorized dealer for the famous Radiola and also the Kolster radios. And now this store is offering both these excellent radios at a reduction of 25 per cent or more. This splendid clearance sale also includes electric washers and electric ironers on which a substantial saving may be made. Telephone Main 120.

To prevent valuable vases from toppling over and breaking, partly fill them with sand. They will gain so much stability that only a blow can knock them over.

I wonder if all the housewives of Sierra Madre have had the pleasure of using "Savex," a new and different granulated soap?

Manufactured by the makers of "Hydro Pura," Savex is meeting with instant approval wherever it is used. It is more than a granulated soap as it softens the water, whitens the linens and removes ordinary stains as it washes. For general laundering in washing machine, tub or boiler a small quantity in the required amount of hot water will quickly whisk into a fluffy suds—it is truly a miracle for quick and easy washing. This soap is obtainable at the local grocers; to use it once is to become its ardent booster.

If a candle is too small for its holder and doesn't stand straight in it, pour a little melted paraffin in. While the paraffin is still warm stick in the candle and hold it in place until the wax has hardened sufficiently to hold it.

Warm summer days brings thoughts of informal entertaining—afternoon tea, evening suppers, daintily served to a friendly group. Tasty, delectable things to eat, easily prepared, are displayed at Norris' Grocery and Department Store, corner of Lima and West Central. Here you will find just the delicious and unusual thing to serve at your parties, and to your family every day.

And remember that here, too, there is a splendid selection of party "accessories"—place-cards, favours, candles and all such decorations. Telephone Main 205 and Main 12.

Baked apples or pears stuffed with nuts and raisins and brown sugar raise this common dessert to heights of richness. Crushed pine-apple also makes a delicious filling.

Instead of grating chocolate (and your fingers, too) try putting it through the food chopper, using a fine knife. An entire cake of chocolate may be chopped at one time and stored in glass jars ready for use when one is in a hurry.

There is no question in any one's mind as to the value of milk as food. Every known agency that has to do with the growth and well-being of the human race encourages the use of milk.

However, to insure a perfect, healthful product it must be produced under rigid sanitary conditions from cows which have a clean certificate of health from the medical milk commission.

The milk from the Sierra Madre Dairy on East Central Avenue meets these requirements. Their products are pure and wholesome. Both a morning and evening delivery is made of raw milk, cream, whipping cream, cottage cheese and butter. And for babies and convalescents, those trying to gain in weight and strength, and for homes desirous of obtaining the best milk possible, they have a special milk. Telephone Main 242.

**Rice Custard**  
To make a rice custard with the rice at the bottom and not distributed thruout the pudding, place bottom of a buttered baking dish. Over this pour custard mixture made as follows: Beat two eggs

slightly, add a pinch of salt, one-fourth cup sugar, 2 cups scalded milk and ½ teaspoon vanilla. Do not stir. Set dish containing custard in a pan of hot water and bake in a slow oven until firm. Never allow water to boil in the pan as that indicates the oven is too hot. To test custard, insert a silver knife in the center; when it comes out clean the custard has cooked long enough. Take custard out of hot water immediately and cool.

**Apple Charlotte Russe**  
One cup heavy cream, one egg white, three tablespoons powdered sugar, one-half teaspoon vanilla, eighteen lady-fingers, apple sauce, maraschino cherries.

Whip the cream until stiff. Beat egg white, add sugar and vanilla and fold into whipped cream. Line glass cups with lady-fingers (or strips of sponge or angel cake). Place one tablespoon apple sauce in bottom of each cup and fill with whipped cream mixture, garnish with shredded cherries.

"I do not cut hair," says Antoine, the famous French hair trimmer now in the U. S. "I sculpture it." Wonder if he takes a chip off the old block?—Weston Leader.

The Literary Digest's China section reveals that the Chinese not eat soup with chopsticks. It may be added, for the purpose of international comparison, that they do not inhale their soup.

Perhaps after all those buy, buy, elections will mean bye, bye office.

You'll recall that no filibuster ever stopped an appropriation to provide salaries for Congressmen.—Publishers Syndicate (Chicago).

Governor Richard's enforcement of Sunday blue laws has made Carolina famous as the state of missing links.—Tampa Tribune.

## Officers Of School Body Are Elected

Mrs. R. R. Moreland To Head Parent-Teachers During Coming Year

At the last P.T.A. meeting the following officers were elected for the ensuing year: President, Mrs. R. R. Moreland; first vice president, Mrs. James Heasley; second vice president, Mrs. Geo. McRoberts; secretary, Mrs. N. R. Riberi; treasurer, Mrs. Mary Wood; auditor, Mrs. Reavis; historian, Mrs. J. O. Smith; parliamentarian, Mrs. W. C. Gruit.

The association went on record as sponsoring the financing of the summer health school to the extent of obtaining assistance for the children (about fifteen) who will not be able to pay the necessary one dollar per week.

At the annual school exhibit to be held June 9 and 10 at the Woman's Club this year, the P.T.A. will have a refreshment booth as usual and also a cooked-food table. A general committee to have charge of arrangements was appointed, consisting of Mrs. Holland, Mrs. Stimpfing, Mrs.

Moreland and Mrs. Rosen. Another committee to have charge of the cooked-food table consists of Mrs. J. O. Smith, Mrs. C. L. Hoover and Mrs. Ishoy. This will be the only money-making venture of the P.T.A. this year, and as the funds are nearing depletion, it is hoped thereby to build up the reserve for next year's welfare work.

The president called attention to the Pasadena School Board election June 3, when the voters of Sierra Madre (a part of the Pasadena High School district) will have the opportunity to vote for two members of the Pasadena school board. The polls will be open all day June 3, at the Kindergarten building and all voters of Sierra Madre are urged to vote. The importance of looking into the matter of the characters and policies of the four candidates before voting was stressed. Delightful music was furnished by Miss Wones' class, the 4B's, who sang "Sandman" and "The Shell" under the direction of Miss Pfahler, and at the close of the meeting tea and sandwiches were enjoyed.

"Every person has at least one book in him," according to a Dearborn Independent writer. Generally speaking, it ought to stay in him. —Youngstown Telegram.

### THE HOUSE OF MILK

"The house that milk built," says Dr. Mary Swartz Rose of Columbia University, "is complete except for one door, the iron door."

Even so, it is the safest house for the family to live in, especially for the child in his early years. Its walls are strong with calcium and phosphorus, which builds strong bones and sound teeth. The floor is well laid with the most dependable growing material for the child and the best repair material for the adult. These are the milk proteins. And the most important one is seen in the soft curds and cheeses.

A house needs windows to let in the fresh air and sunshine. They are necessary to promote growth and protect from illness. The house of milk has four windows, two large ones, Vitamin A and Vitamin B; two small ones, Vitamin C and Vitamin D. Vitamin A protects the body from a definite eye disease. Vitamin B stimulates growth and protects the body from a deficiency disease, beriberi. The Vitamin C window can be enlarged by going into the garden and bringing in potatoes, tomatoes, green leafy vegetables and citrus fruits. This vitamin protects the body from the disease scurvy. The Vitamin D window will open smoothly if cod liver oil is applied to its hinges. It will then open wide and let in the sunshine. Milk has a little of this anti-rachitic vitamin. But cod

liver oil and direct sunlight can generously assist in preventing rickets in children.

The iron door is wisely supplied by nature in the very young. At birth the child has enough iron stored in its body to last almost a year. It is best to resort again to the garden for green leafy vegetables such as spinach or roots such as carrots. Juice from their cooking, also prune juice and orange juice will strengthen the milk supply of iron. Small quantities of egg yolk and well prepared liver (stewed not fried) are good braces for the child's iron door.

The house that milk built is the best for the whole family playing the health game. One pint of milk a day for adults and older children and one quart for the young children are primary rules of the game.

(Los Angeles County Tuberculosis Association)

In Illinois the state entomologist, Mr. and Mrs. Albert J. Bowen arrived in Sierra Madre on Sunday after driving west from Toledo, Ohio. They stopped in Evanston, Ill., for a brief visit at the home of Mr. and Mrs. Chester T. Dike.

Mr. Frank B. Seeley left Thursday for Kingman, Arizona, where he will meet his son, Charles S. Seeley.

### It's In the Air!

Do you feel the feeling of "go" in the air? Do you appreciate the fact that many fine residences are being built and that many eyes are focused on the city of Sierra Madre?

Some people are waiting for the opening of Central, feeling that this vital improvement will "start things." The opening of Central will certainly make it easier to get here and just as easy to get out of here—it's what the folks are doing now and will do when the avenue is opened that will decide the growth of Sierra Madre.

There's no need to wait for Central—start doing things now and Central Avenue will take care of itself.

I once kissed the Blarney Stone and believe me it wasn't an easy job and only one could do the trick at a time. Still thousands make the trip, kiss the stone and tell the world about it. Remember, folks, there's only one entrance to the Big Top. The circus people have learned that by proper management and by giving the public their money's worth, they can pack 'em in solid, and do the trick through but one entrance.

Roads help to make cities, but the main help is the folks that live in 'em.

I guess the folks here know that I sell real estate—handle all kinds of protection thru insurance companies of strength, make building loans, conduct a free employment bureau, answer questions and believe in Sierra Madre and myself.

The name is  
**W.R. Humphries**  
The bank is opposite.  
The street number, 24.  
The street name, Central.  
And if you live out of town and want to get in touch with me a two-cent stamp makes Uncle Sam hustle and yours truly sit up and take notice.

## To Find Out Sentiment on Canyon Pool

To ascertain the preference of the voters of Sierra Madre as to location of a public swimming pool the Canyon Improvement Association is sending out a postal card questionnaire. Voters are asked to indicate their preference of three propositions, as follows:

1. A bond issue of approximately \$5000 to restore the present pool in the canyon;

2. A bond issue of approximately \$20,000 to establish a new pool on the city property on East Grand View;

3. No bond issue for a pool.

The Canyon Improvement Association has issued the following statement of their position in regard to the pool question:

The people of Sierra Madre are quite generally agreed that the city needs a swimming pool. The question about which there is some disagreement is whether the canyon pool should be operated or abandoned in favor of a new pool on the unimproved city property on East Grand View Avenue.

A new pool on such unimproved and unimproved ground as the Grand View property would necessitate a bond issue of from \$20,000 to \$25,000.

Such a bond issue would put a burden on the tax-payers and would cause delay to the swimming pool project.

The pool in the canyon needs only a few minor improvements to put it in condition to be operated at once. The pool is in perfect condition, with a well and motor and an abundance of water, and a cess pool in good condition on the property. The improvements needed are a gate, a bath house and a fence. The canyon pool can be restored and ready to operate in a very short time at a cost of less than \$5000.

The canyon pool is a clear sparkling pool, emptied each week, more healthful and invigorating than any other pool in the county. The location of the pool in our beautiful canyon has doubled the delight the children of Sierra Madre had in it. It is known throughout the Southland as one of its finest recreational places.

Is it practicable to abandon such a pool and incur a greater expense for a new pool in another location?

The Canyon has for years depended upon the pool for its prosperity. Would it be just to the residents and tax payers of Sierra Madre Canyon to deprive their district of this improvement?

Help us to settle the question by signing and mailing the questionnaires now being sent to you.

### PETITION OF 754 CITIZENS TURNED DOWN BY CITY

(Continued from Page One) tribute to any public official.

When the petition was presented to the board Thursday night of last week, it was received without comment and referred to the committee of the whole along with two strong letters of commendation for Mr. Udell from former Mayor C. W. Jones and C. H. Bennett. The board members met in secret session Monday night and decided the matter by the vote indicated. Reports of the discussion then do not indicate any more reason for the action than was given by the trustees above.

At the request of J. N. Hawks, member of the chamber of commerce road committee and of the planning commission, the board

last night authorized City Attorney Baker and Engineer Gierlich to confer with the engineer and attorney of the city of Pasadena concerning the Central Avenue opening for the purpose of expediting the project.

Chairman Oscar Seiling of the planning commission reported that after considering all the city hall plans submitted that body recommended the plan of Architect Joseph Kaiser. The plans were considered anonymously, the names being removed before they were turned over to the commission. They were referred to the committee of the whole, awaiting statements from the architects as to the terms on which they will undertake the work.

Pasadena has started the cleanup of 1800 vacant lots. The work is in charge of the fire department.

## Red Cross Fund Now Over \$1000

Additional subscriptions to the Red Cross flood relief fund this week bring the total over the thousand-dollar mark, according to the report of Chairman Robert Mitchell Thursday noon. The number of subscribers has reached 183 and the amount contributed is more than three times the original quota assigned to Sierra Madre. However, the need continues to grow and there appears to be no limit to the amount which can be used in the work of relief and rehabilitation. The list of contributors to Thursday noon is reported as follows:

Previously acknowledged	\$902.78
Alex V. Baird	2.00
L. B. Doolittle	3.00
Ekolela Camp Girl Girls	5.00
Mr. and Mrs. J. H. Wright	5.00
No name	2.00
A mother and children	2.00
H. O. Smith	50.00

## ARBITRATION IN CITY CANYON IS PROPOSED

(Continued from Page One)

Mr. Robertson, confirming many of the points already made. You can't improve on nature, he said. The thing to do is to study nature's ways and to make the most of them. Here we have a wonderful opportunity to give plant life the best chance in the world. Within a radius of twenty miles it is possible to raise every plant that can be grown in a temperate zone, often better than they grow in their native habitat. It is therefore important to study everything that can be raised to advantage here and find things to supply present deficiencies. For instance, it is desirable to find shrubs on which live stock can browse, and which will be drought resistant and not inflammable for mountain areas. Development of hardy citrus stock, rubber development and more suitable eucalyptus stock are other inviting fields. Proper study of things are of inestimable value in their protection to the public. Millions of dollars of the public's money have been squandered in attempts to do something with the blue gum, imported from the swamps of Tasmania to this semi-arid climate. Other plants have been introduced to this climate from foreign countries via the botanical gardens in Washington, D. C., losing much of their original virtue in the process. Owing to the peculiar conditions here it is important to carry on the introductory experiments right here.

Dr. Clement was chiefly instrumental in promoting the great Mandeville Canyon botanical garden project near the new state university site. He told how the land was secured and the financing arranged through a clever piece of real estate speculation which will put the enterprise on a permanently independent basis. He endorsed the local plan most highly and promised every possible aid from sources where he has influence.

Following a request from Mr. Humphries for expressions of sentiment from others present, Rev. Father Peter Hanley was the first to speak. He electrified the crowd by saying the plan would have the backing of the Passionist Order which he represented and which owns the adjacent property on the west, and said their support would even extend to the giving of any necessary land for the Sierra Madre Arboretum without any cost.

Chairman Oscar Seiling of the planning commission endorsed the plan heartily, saying he had long hoped to have the canyon turned into a natural park for public enjoyment. E. J. Webster related some of the wealth of his own travel experiences with special reference to the cultural value of botanical gardens and arboreta. Chairman E. D. Topping of the board of city trustees also endorsed the project, but suggested one of the first things to do would be an investigation of the possible water sources in the canyon.

Dr. Clement suggested as a plan of procedure the formation of an organization to give the matter definite backing, and the appointment of a special investigating committee. On motion of Miss Sue Brobst it was voted to form a temporary organization. Dr. L. L. Krebs was elected temporary chairman and Robert Mitchell was

designated temporary secretary.

The investigating committee, who will also serve as directors, will be Fred Griebenow, Mrs. John H. Osgood, Oscar Seiling, W. C. Poehler and W. R. Humphries.

Mr. Humphries estimated the necessary preliminary expense at \$1000, and volunteered to head the list with a donation of \$200. He said he was authorized to announce donations of \$100 each from Henry Isaacs and R. A. Pratt who could not be present. F. P. Conard and E. J. Webster added their names to this list. It was then voted that the organization fee be \$5 each, and the enrollment of names of members revealed practically everyone present on the list.

Miss Mary Allen returned home last week from her studies at the University of California, Berkeley, and will spend her vacation at the home of her parents, Mr. and Mrs. H. E. Allen of Bonita Avenue.

The infant daughter of Mr. and Mrs. T. E. Banks passed away on Monday at their home in Pasadena. The body was brought to the Moreland & Bergien funeral chapel for burial in Sierra Madre.

## Entertained Members of Church Choir

The home of Mr. and Mrs. Randolph Wood at 255 North Hermosa was the scene of a delightful buffet supper and musicale Sunday evening. The guests included members of the choir of the Church of the Ascension and a number of other friends. Delightful musical numbers were rendered by a trio consisting of Randolph Wood, violin; Herbert Ingraham, cello, and Oscar Kasbach, piano. Mrs. Fred Griebenow and Mrs. Howard Lieben sang and Mr. Wood played a violin sonata. Accompaniments were played by Mrs. Wood, Miss Ladd and Mr. Kasbach.

The guests included Mr. and Mrs. H. E. Allen, Mr. and Mrs. H. I. Hawhurst, Miss Edna Green, Mr. and Mrs. J. N. Hawks, Miss Edith M. C. Ladd, Mr. and Mrs. Oscar Kasbach, Messrs. Joseph Rogers of New York, Herbert Ingraham and H. L. Schunk, Mr. and Mrs. George B. Morgridge, Mr. and Mrs. Fred Griebenow, Mr. and Mrs. Bradley Metcalf, Mrs. W. H. Ingraham, Rev. Father Kneeland, Mr. and Mrs. C. H. Perry and Dr. and Mrs. Gilbert S. Bovard.

## INSECT PESTS

are unnecessary, as well as annoying.

Now is the time to use  
Ant Paste or Ant Powder.

We also have an effective  
Fly Spray—50c a pint.

## See Your Doctor

PERSONS born today have a promise of fifteen years more of life than their parents had, and those born a year from now will have even a greater chance to reach "ripe old age."

The span of human life is lengthening from one generation to another — largely because people are learning at last that an ounce of prevention is worth a pound of cure.

Do not neglect minor ailments. An apparently trivial illness, if not corrected, may become chronic. Many organic diseases, which later are almost incurable, yield readily to treatment in their earlier stages. If you are ailing, see your doctor.

### THEN SEE US

Let us fill your prescriptions. When your prescription bears our label you may feel assured that it has been compounded by a Registered Pharmacist exactly as prescribed by the physician, and that it contains drugs of the finest obtainable quality.
